

THE BEAVERS BITE

CHANGES ARE A GOOD TIME TO REVIEW OUR PLANS AND DOCUMENTS

Life presents lots of changes. Births, Deaths, Marriages, Divorces, and aging are just some of those changes. Sometimes these changes are planned and we are in control of what happens, and sometimes changes are the result of events that someone else has control over. Regardless of the cause of the change, we need to make sure we handle the change correctly.

When changes occur, we need to review our documents.

From a personal standpoint, do we need to find new agents? Do we need to revise our Power of Attorney? Do we need to revise our Medical Directive? Do we need to revise our Last Will and Testament? Do we need to find new people to nominate as guardians for our minor children?

What about our business life? Have there been changes in staff? Do we need to hire replacements? Or is this an opportunity to change the structure of our business?

This is where we find ourselves at Beavers Law, P.C.

I am going to follow my own advice and take some time to review where we are today, and where we want to be in one, five and ten years from

now. The fact that this is our tenth anniversary makes this an even better time to review our plans.

If you want to discuss your personal or business plans and make sure all of your documents are in place, please contact the office at 757-234-4650 to schedule a consultation to discuss all of the possible options.
